Dear KSIS contacts,

I have had several districts ask me where to get the EPSB number for teachers who do not have a number on the State Published "EPSB Number" ad hoc. According to Cindy Godsey at EPSB every LEAD coordinator has a secure login to the EPSB site. On this site they can use the credential lookup to look them up by name or by SSN and then look on the person's demographics page to see the EPSB ID.

There was a typo on the description of the ad hoc. It says a license date needs to be entered but it should say "license number." The description has been change. If you copied the ad hoc to share with other users you will want to provide a corrected copy.
